MTH 510

Inverse Problems and Data Assimilation

Homework #3 (Resubmission)

Submitted by Andrew Huffman

November 20, 2019

• TSVD Reconstruction

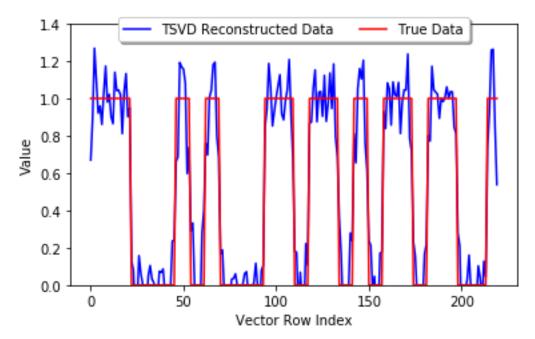

Figure 1: TSVD reconstruction (truncation index = 134)

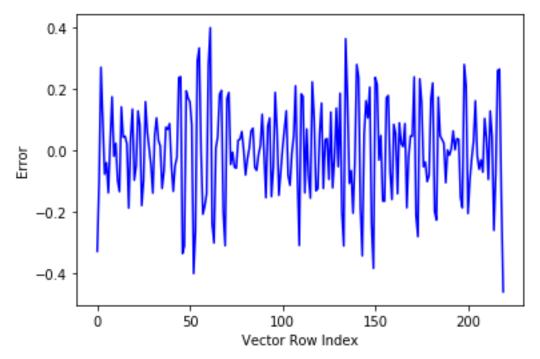

Figure 2: Elementwise reconstruction error $(\hat{x} - x_t)$

• Tikhonov Reconstruction for L=I

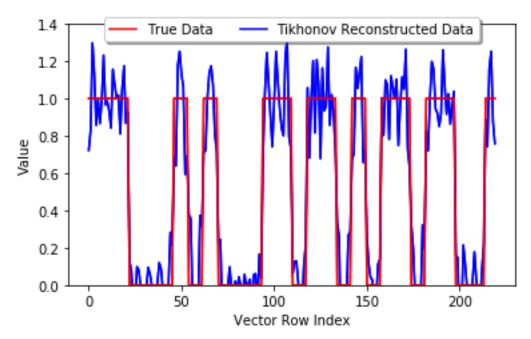

Figure 3: Tikhonov reconstructed data (λ = 0.0006)

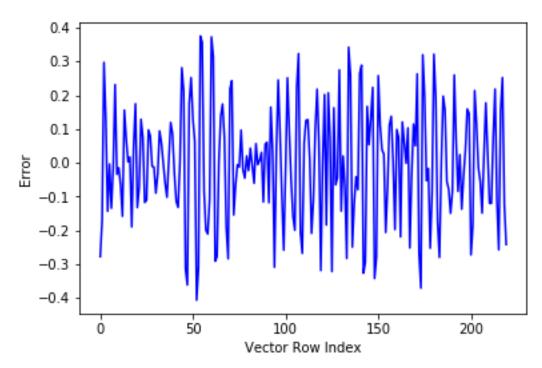

Figure 4: Elementwise reconstruction error $(\hat{x} - x_t)$

. Tikhonov Reconstruction for L=L₁

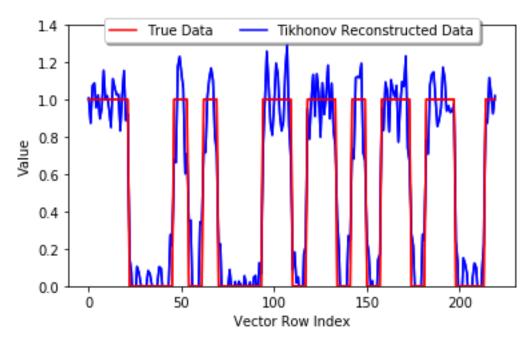

Figure 5: Tikhonov reconstructed data (λ = 0.0006)

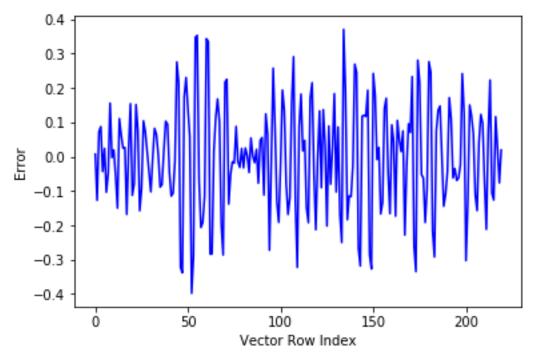

Figure 6: Elementwise reconstruction error $(\hat{x} - x_t)$

. Tikhonov Reconstruction for L=L2

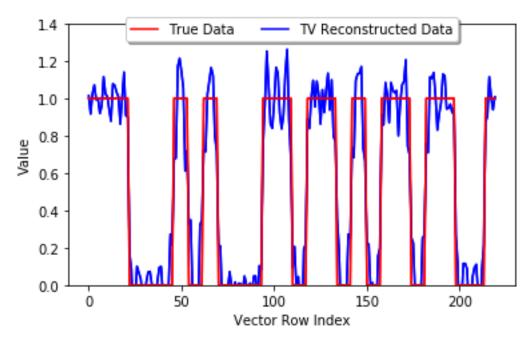

Figure 7: Tikhonov reconstructed data (λ = 0.0006)

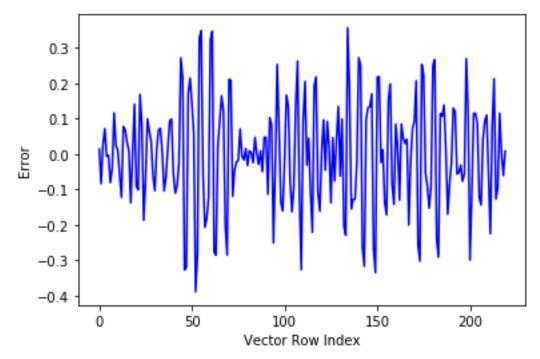

Figure 8: Elementwise reconstruction error $(\hat{x} - x_t)$

• Total Variation Reconstruction

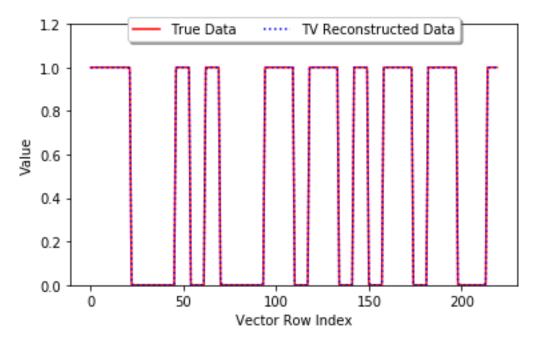

Figure 9: Total Variation reconstructed data (α = 0.0001, β = 0.1)

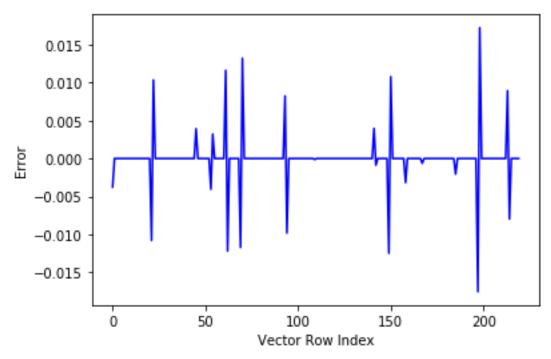

Figure 10: Elementwise reconstruction error $(\hat{x} - x_t)$

Appendix: Script used to produce the above results
